ABOUT AG2S INTERNATIONAL

Market leader in thermo-contact welding.

AG2S International designs and builds specialised thermo-contact welding machines for the stationery, filing and office-products industry.

We design and build our machines in Châtenois, France, in the heart of Alsace, close to Strasbourg. Thanks to technological innovation, reliability and respect for our customers' commitments, we are today the market leader in the welding of pockets and label-holders using thermo-contact technology.

R&D since 1988

Custom-made welding machines for specific development requests — made-to-measure solutions for every customer.

A global network since 2000

J&J International has built a world-wide network. Together we respond fast and meet the needs of our market.

Thermo-contact technology

Clean, strong welds on PP, PVC and PET pockets and label-holders.

Proven components

Siemens S7-1200 PLC control, Festo pneumatics and touchscreen HMI on our automatic lines.

SPM09

MANUAL POCKET WELDER

USER FRIENDLY SERIES

Manual welder for multiform pockets on PP, PVC and PET covers.

FEED	**Manual cover & pocket**
CYCLE	**Automatic weld in safety area**
VOLUME	**< 40,000 / month**
MATERIALS	**PP · PVC · PET**

PWM15 / 17

SEMI-AUTOMATIC POCKET WELDER

USER FRIENDLY SERIES

Personalises and welds pockets from a single film roll. PWM17 adds multiform.

MAX POCKET	**350 × 350 mm**
CYCLE	**Auto weld · paper insert · thumb cut**
FILM	**Roll · split & rewind**
PWM17	**Multiform pockets**

SVM06 / 11

SEMI-AUTO LABEL-HOLDER WELDER

USER FRIENDLY SERIES

Compact semi-auto for label-holders on binders, briefcases and folders.

MAX LABEL	**130 × 200 mm**
SVM11	**Film height 220 mm**
FEED	**Manual cover**
VOLUME	**< 100,000 / month**

SVA05 / 14

AUTOMATIC SPINE LABEL-HOLDER WELDER

FAST & POWERFUL SERIES

Touchscreen automatic line — welds label-holders onto the spine.

SVA05	**1,800 pcs/hr**
SVA14	**2,400 pcs/hr**
CAPACITY	**Up to 3-4 M / year**
CONTROL	**Touchscreen HMI**

ITSM45 / 49

AUTOMATIC MULTIFORM POCKET WELDER

FAST & POWERFUL SERIES

Touchscreen line for medium-to-large runs. ITSM49 adds a servo Pick & Place station.

VOLUME	**80,000 – 150,000 / month**
CHANGEOVER	**< 5 minutes via HMI**
ITSM49	**Servo Pick & Place**
POCKETS	**Rectangle · triangle · trapezium**

ITSM50 / 55

AUTONOMOUS MULTIFORM POCKET WELDER

FAST & POWERFUL SERIES

Up to four hours unattended. ITSM55 adds a cover-handling robot with vision correction.

AUTONOMY	**Up to 4 hours**
ITSM55	**Robot + correction cameras**
POCKETS	**Multiform on all covers**
VOLUME	**80,000 – 150,000 / month**

WHICH MACHINE FITS?

Compare the range.

MACHINE	WELDS	OPERATION	VOLUME
SPM09	Pockets (multiform)	Manual	**< 40,000 / month**
PWM15 / 17	Pockets from film roll	Semi-automatic	**Small – medium**
SVM06 / 11	Label-holders	Semi-automatic	**< 100,000 / month**
SVA05 / 14	Spine label-holders	Automatic	**1,800 – 2,400 / hour**
ITSM45 / 49	Pockets (multiform)	Automatic	**80,000 – 150,000 / month**
ITSM50 / 55	Pockets (multiform)	Autonomous, up to 4 h	**80,000 – 150,000 / month**

TELL US YOUR PRODUCT

We configure the machine around it.

POCKET FORM	Spine holder · Business card · A5 · A4+ · Triangular · Trapezoidal · Pre-cut
POCKET MATERIAL	PP · PVC · PET
PAPER INSERTING	With · Without
ARTICLE	Binder · Briefcase · Diary · Other
MONTHLY VOLUME	< 40,000 · up to 80,000 · up to 150,000 · > 150,000

Send us these five answers — we reply with a line concept.

ag2s.international/#contact

SERVICE & SECOND HAND

Support for every machine we ever built.

Installation & training

Commissioning and operator training at your production line.

Spare parts & overhaul

For CENTRA, CCM and AG2S machines — including upgraded PLC programs.

Second hand

Refurbished CENTRA, CCM and AG2S machines. Ask for current availability.

THEY WELD WITH AG2S

Esselte · Cardenia / Groupe Hamelin · adelt · Bassile Freres · VauPe · alemdar · Ortmanns · Papco
